

**SET194
Thermostat
(Replaces Whirlpool 279816)**

Kit consists of:
1 - Thermal cut off 325°F
1 - Hi - limit thermostat L248-80
1 - Instruction Sheet

WARNING

Disconnect all electrical power before servicing appliance.

Both thermostat & fuse must be replaced together.
Make the following checks when replacing the thermostat kit.

1. Damaged elements: Inspect and take continuity check across terminals.
2. Check for plugged lint screen.
3. Blocked vent: Flapper on vent may not open up to allow heat escape.
4. Bad blower wheel.
5. Check ground to coil.
